Proposal No. 4 Revision of Amount of Remuneration, etc. for Members of the Board (Excluding Members of the Board Who Are Audit and Supervisory Committee Members)

The maximum amount of remuneration, etc. for Members of the Board (excluding Members of the Board who are Audit and Supervisory Committee Members) was approved to be ¥500 million per year (including remuneration as Executive Officers for Members of the Board serving concurrently as Executive Officers) at the 54th Annual General Meeting of Shareholders held on June 29, 2016, and has continued to the present date. However, the Company is currently vigorously promoting business restructuring to increase corporate value based on the medium-term management plan. Considering the issues such as the need to further increase the roles and duties of Members of the Board and secure diverse and talented human resources, and to expand the function of the Board of Directors, in order to strengthen the management structure and promote a succession plan going forward, the Company proposes to revise the maximum amount of remuneration, etc. for Members of the Board (excluding Members of the Board who are Audit and Supervisory Committee Members) to ¥750 million per year. The portion of the amount of remuneration allocated for External Director Members of the Board will be decided each fiscal year to reflect changing circumstances. Moreover, the Company proposes that the amount of remuneration, etc. for Members of the Board (excluding Members of the Board who are Audit and Supervisory Committee Members) include remuneration as Executive Officers for Members of the Board serving concurrently as Executive Officers, as before.

This proposal was decided by the Board of Directors, giving comprehensive consideration to factors such as the Company's business scale, the executive remuneration system and its pay level, the current number of officers, and future trends, and after deliberation by the Nominating and Remuneration Committee, which is the Company's voluntary advisory organization comprised of a majority of independent External Director Members of the Board, and the Board judges it to be appropriate.

Furthermore, the policy for determining the content of individual remuneration, etc. for the Members of the Board of the Company is as described in "3 (3)-(i) Matters concerning the policy for determining the content of the remuneration, etc. of individual Members of the Board" of the Business Report (in Japanese only).

In addition, there are currently 12 Members of the Board (excluding Members of the Board who are Audit and Supervisory Committee Members) (of which, five are External Director Members of the Board); and if Proposal No. 1 "Amendment to the Articles of Incorporation" and Proposal No. 2 "Election of 14 Members of the Board (Excluding Members of the Board Who Are Audit and Supervisory Committee Members)" are approved as proposed, the number of Members of the Board (excluding Members of the Board who are Audit and Supervisory Committee Members) will be 14.

Proposal No. 5 Revision of Amount of Remuneration, etc. for Members of the Board Who Are Audit and Supervisory Committee Members

The maximum amount of remuneration, etc. for Members of the Board who are Audit and Supervisory Committee Members was approved to be ¥50 million per year at the 54th Annual General Meeting of Shareholders held on June 29, 2016, and has continued to the present date. However, the Company is currently vigorously promoting business restructuring to increase corporate value based on the medium-term management plan. Considering the issues such as the need to strengthen the management supervisory function going forward, the Company proposes to revise the maximum amount of remuneration, etc. for Members of the Board who are Audit and Supervisory Committee Members to ¥75 million per year. Furthermore, the specific amounts and timing of payment, etc. of remuneration, etc. for each Director who is an Audit and Supervisory Committee Member are to be decided by discussion between the Directors who are Audit and Supervisory Committee Members.

This proposal is to increase the maximum amount of remuneration for Directors who are Audit and Supervisory Committee Members in a reasonable range based on their duties, and the Board of Directors considers the content of this proposal to be appropriate.

In addition, there are currently three Members of the Board who are Audit and Supervisory Committee Members; and if Proposal No. 1 "Amendment to the Articles of Incorporation" and Proposal No. 3 "Election of One Member of the Board Who Is an Audit and Supervisory Committee Member" are approved as proposed, the number of Members of the Board who are Audit and Supervisory Committee Members will be four.
